Dear Mr. Lestingi:

In accordance with the *Metrics and Minimum Standards for Intercity Passenger Rail Service* final rule published on November 16, 2020 (the “Final Rule”), this letter serves as Amtrak’s report to the Federal Railroad Administration that, as of May 10, 2021, Amtrak has provided the 29 host railroads over which Amtrak currently operates (listed in Appendix A) with ridership data for the prior month consistent with the Final Rule.

The following data was provided to each host railroad:

- the total number of passengers, by train and by day;
- the station-specific number of detraining passengers, reported by host railroad whose railroad right-of-way serves the station, by train, and by day; and
- the station-specific number of on-time passengers reported by host railroad whose railroad right-of-way serves the station, by train, and by day.

Please let me know if you have any questions.

Sincerely,
