Mr. Zach Norwood  
Gravity Rail  
Vice President  
11821 East Freeway Suite 420  
Houston, TX 77209

June 29, 2022

Dear Mr. Norwood:

This letter responds to the Gravity Rail submission dated June 29, 2022, to the Federal Railroad Administration (FRA) seeking approval of the Gravity Rail Conductor Certification Program received by FRA on June 29, 2022. Gravity Rail has complied with FRA's procedures for submission and approval of programs described in appendix B to 49 CFR part 242. FRA reviewed the railroad's program modification and determined that the railroad's program conforms with the requirements of 49 CFR part 242 for the reasons discussed below.

Your submission package states that no labor organizations are representing the railroad's employees.

The program is consistent with the model of the previously approved Class III railroad programs. FRA understands that the modifications are intended to provide more detail to the conductor certification process and update contact information. Additional modifications to the submission also addressed deficiencies with the standard requirements of 49 CFR part 242, appendix B.

Please continue in your efforts to improve railroad safety on your system.

Please contact me with any questions regarding this submission at (202) 366-0978 or [FRAOPCERTPROG@dot.gov](mailto:FRAOPCERTPROG@dot.gov) or [Kevin.Lewis@dot.gov](mailto:Kevin.Lewis@dot.gov)

Sincerely,

Kevin Lewis  
FRA Program Manager Certification
