

FY 2022 Railroad Crossing Elimination Application Breakdown

The following list is in response to Sec. 22909(i) which directs the Federal Railroad Administration (as the Secretary’s designee) to, not later than 60 days after each round of award notifications, post on the public website the following:

- 1) A list of all eligible applicants that submitted an application for funding under the Program during the current fiscal year;
- 2) A list of the grant recipients and projects that received grant funding under the Program during such fiscal year; and
- 3) A list of the proposed projects and applicants that were determined to be ineligible.

The list presented below is broken up into several sections, beginning with a summary table and then a breakdown of the applications that have been received, by their respective category, as outlined in the summary table.

Total Submissions	209
Eligible Applications¹	153
Selected	63
Not Selected	90
Not Eligible for Selection²	56
Ineligible	37
Withdrawn	1
<i>Duplicate Applications³</i>	<i>18 (not listed below)</i>

¹ Eligible applications are those that meet the eligibility requirements set forth in the Notice of Funding Opportunity.

² Ineligible applications are those that failed to meet one or more eligibility requirements within the Notice of Funding Opportunity.

³ Duplicate applications are those applications that were submitted more than once by an applicant. When this occurs, FRA keeps the most recent complete application for consideration and review.
