Mr Nicholas Smith
Road Foreman of Engines
RiverLine
700 Beideman Ave
Camden, NJ 08105

April 9, 2024

Dear Mr. Smith:

This letter responds to the RiverLine submission dated October 30, 2023, to the Federal Railroad Administration (FRA) seeking approval of its material modifications to the RiverLine Conductor Certification Program received by FRA on October 30, 2023. RiverLine has complied with FRA's procedures for submission and approval of programs described in appendix B to 49 CFR part 242. FRA reviewed the railroad's program modification and determined that the railroad's program modification conforms with the requirements of 49 CFR part 242 for the reasons discussed below.

Your submission states that on October 30, 2023, the railroad provided a copy of its program modification to Mr. John McCloskey, General Chairman of Smart Local 526 the labor organization representing the railroad's employees. FRA received no comments on the program or program modification by the labor organizations.

The program modifications are consistent with the model of the previously approved Class III railroad programs. FRA understands that the modifications are intended to provide more detail to the conductor certification process and update contact information. Additional modifications to the submission also addressed deficiencies with the standard requirements of 49 CFR part 242, appendix B. Standards have been set regarding re-qualifying over a specific territory. Detailed training standards have been established in Section Four of your conductor training program.

Please continue in your efforts to improve railroad safety on your system.

Please contact us with any questions regarding this submission at (202) 366-0978 or FRAOPCERTPROG@dot.gov or Kevin.Lewis@dot.gov or Kurt.Erickson@dot.gov

Sincerely,

Kurt Erickson
FRA Rail Safety Specialist – Certification
