Edward E. Steiner  
Wheeling & Lake Erie Railway Company  
Superintendent of Safety, Rules & Training  
100 East 1<sup>st</sup> Street  
Brewster, OH 44613

December 23, 2024

Dear Mr. Steiner:

This letter responds to the Wheeling & Lake Erie Railway Company (WLE) submission dated November 8, 2024, to the Federal Railroad Administration (FRA) seeking approval of its material modifications to the WLE Engineer Certification Program received by FRA on November 8, 2024. WLE has complied with FRA's procedures for submission and approval of programs as described in Appendix B to 49 CFR part 240. FRA reviewed the railroad's program modifications and determined that the railroad's program modifications conform with the requirements of 49 CFR part 240 for the reasons discussed below.

Your submission states that on November 8, 2024, the railroad provided a copy of its program modification to Mr. Scott R. Bunten, the General Chairman of the BLE, the labor organization that represents the railroad's employees. FRA received no comments on the program or program modification from the labor organizations.

The program modifications are consistent with the model of the previously approved railroad programs. FRA understands that the modifications will provide more details about the engineer certification process and updated contact information. Additional modifications to the submission also addressed deficiencies with the standard requirements of 49 CFR part 240, appendix B. The improvements enhance qualifications for DLSEs. Standards have been set concerning re-qualifying over a specific territory. Section Five of your engineer training program has established detailed training standards.

Please continue in your efforts to improve railroad safety in your system.

Please contact us with any questions regarding this submission at (202) 366-0978 or [FRAOPCERTPROG@dot.gov](mailto:FRAOPCERTPROG@dot.gov), [Kevin.Lewis@dot.gov](mailto:Kevin.Lewis@dot.gov), or [Kurt.Erickson@dot.gov](mailto:Kurt.Erickson@dot.gov).

Sincerely,

Kurt Erickson  
FRA Rail Safety Specialist – Certification
