Ben Sharpe
ConGlobal
General Manager, Switching
2301 Eagle Parkway, Suite #150
Fort Worth, TX 76177

November 20, 2025

Dear Mr. Sharpe:

This letter responds to the ConGlobal submission dated November 18, 2025, to the Federal Railroad Administration (FRA) seeking approval of its material modifications to the ConGlobal Conductor Certification Program received by FRA on November 18, 2025. ConGlobal has complied with FRA's procedures for submission and approval of programs described in Appendix B to 49 CFR part 242. FRA reviewed the railroad's program modification and determined that it conforms with the requirements of 49 CFR part 242, as discussed below.

Your submission package states that no labor organizations represent the railroad's employees.

The program modifications are consistent with the model of the previously approved Class III railroad programs. FRA understands that the modifications are intended to provide more details about the conductor certification process and update contact information. Additional modifications to the submission also addressed deficiencies in the standard requirements of 49 CFR part 242, appendix B. Standards have been set for requalifying within a specific territory. Detailed training standards have been established in Section Four of your conductor training program.

Please continue in your efforts to improve railroad safety on your system.

Please contact us with any questions regarding this submission at (202) 366-0978 or FRAOPCERTPROG@dot.gov or Kevin.Lewis@dot.gov or Kurt.Erickson@dot.gov.

Sincerely,

Kurt Erickson
FRA Rail Safety Specialist – Certification
