Dear Ms. Bolbach:

This letter responds to the Southern California Regional Railroad Association (SCRRA) "Metrolink," operated under contract by Alstom Transportation Inc., regarding the December 12, 2025 submission to the Federal Railroad Administration (FRA) seeking approval for modifications to its approved Conductor Certification Programs. The FRA has reviewed the submissions and determined that the proposed changes are non-material and do not require an in-depth formal review. The updated programs are now on file with the FRA.

Thank you for submitting the updated programs to ensure FRA maintains the current approved versions. If you have any questions or concerns, please contact me at (918-557-0651) or by email at FRAOPCERTPROG@dot.gov.

Sincerely,

Kevin Lewis
Program Manager
Engineer and Conductor Certification & Training
