Installation Instructions for Windows 7 and Windows Vista Operating Systems

In order to run the GX32 application in Windows 7 or Windows Vista properly, Access Database Engine and Active Report Libraries need to be downloaded from the web site and installed in the computer where the GX32 software was initially installed. The steps to do this are the following:

Access Database 2007 Engine

- 1. Download Access database engine 2007 from http://safetydata.fra.dot.gov/Objects/AccessDatabaseEngine/AccessDatabaseEngine.exe
- 2. Click on "Run" Button. Following screen will appear

| File Download - Security Warning | | |
