

Appendix B – Public Notification of the Scoping Period Extension

Email Blast:

The Federal Railroad Administration (FRA) and the Texas Department of Transportation (TxDOT) recently hosted six public scoping meetings for the preparation of an Environmental Impact Statement (EIS) for the Dallas to Houston High-Speed Rail project. Based on comments received during the scoping process, FRA and TxDOT will hold additional public scoping meetings in early December. This will result in an extension of the public scoping comment period, which will now end on January 9, 2015.

Scoping is the first phase in the National Environmental Policy Act (NEPA) process that must be followed in producing an EIS. During scoping, FRA is seeking public and agency input on the proposed alternative route alignments as well as other information about the proposed project area. No specific alternatives have been selected at this time nor will any be selected until the EIS is completed and approved, and a Record of Decision is signed. Scoping is the first opportunity for public input but not the last. Public input will be gathered throughout the development of the EIS and after the Draft EIS is issued.

To learn more about the proposed project from FRA and TxDOT, and to submit comments in person, please join us for one of the following public scoping meetings:

December 1, 2014
Jewett Civic Center
111 North Robinson
Jewett, TX

December 2, 2014
Waller High School Auditorium
20950 Fields Store Rd
Waller, TX

December 1, 2014
Waxahachie Civic Center
2000 Civic Center Lane
Waxahachie, TX

December 3, 2014
Lone Star College
30555 Tomball Parkway
Tomball, TX

December 2, 2014
Truman Kimbro Convention Center
111 West Trinity
Madisonville, TX

December 4, 2014
Grimes County Expo Center
5220 F.M. 3455
Navasota, TX

All public scoping meetings will begin at 4:30 pm with a two-hour open house during which participant may review and comment on project information (including proposed alternatives). FRA and TxDOT representatives, along with their consultants, will be available throughout the open house to answer questions and explain project information.

At 6:30 pm, an FRA representative will make a presentation on the proposed project, which will be followed by a public comment session from 7:00-8:00 pm.

Please note that scoping comments on the proposed Dallas to Houston High-Speed Rail EIS will be accepted through January 9, 2015. Comments may be submitted orally or in written form at the scoping meetings, or submitted in writing to: Nancy Gates, PO Box 201088, Austin, TX 78720-1088.

For additional information, please contact Michael Johnsen, Lead Environmental Protection Specialist, FRA, 1200 New Jersey Avenue SE, MS-20, Washington, D.C. 20590, email: Michael.johnsen@dot.gov . Comments may also be submitted on the project website www.DallasHoustonHSR.com or via email at DallasHoustonHSR@urs.com .

We look forward to seeing you at a public meeting.

MEDIA ADVISORY

FRA Extends Public Comment Period and Schedules Additional Open House Meetings for Dallas to Houston High Speed Rail Project

WASHINGTON — Federal Railroad Administration (FRA) values public input and it is a vital component of the environmental review process. In response to public demand for additional scoping meetings, FRA will host six additional meetings and we will extend the formal scoping period until January 9, 2015. As the lead federal agency responsible for ensuring Texas Central Railways' compliance with the National Environmental Policy Act (NEPA), the FRA has taken this action to ensure the maximum possible public input.

WHO: Federal Railroad Administration
