Assurance and Compliance

To: All Regional Administrators

A **NO SMOKING** policy will continue to be adhered to and enforced on ATIP vehicle T-10. This policy parallels DOT office and GSA vehicle **NO SMOKING** policies.

This policy applies to all FRA employees, Ensco employees and consultants and railroad personnel. The Ensco Survey Director will encourage personnel to remain aboard during stops for Instrument Verifications but will continue to be aware that one or more vehicle occupants might detrain to smoke outside. All FRA and Ensco personnel should remain alert to the fact that all personnel are onboard T-10 prior to resumption of movement.

Ensco has placed **NO SMOKING** signs in prominent areas within T-10.

Please distribute a copy of this bulletin to Federal and State personnel in your region.
