<sup>1</sup> *A Multiple Property Documentation Form is a cover document and not a nomination in its own right but serves as a basis for evaluating the National Register eligibility of related properties. In this instance, the resources within the MPD, GWMP and MVMH, are analyzed within the EIS as individually listed resources.*

<sup>2</sup> *Within the Long Bridge Project Area, the GWMP is primarily located in Virginia. Segments of the GWMP, such as where it extends along Lady Bird Johnson Park, are located within the District. Outside of the Project area, the GWMP also extends into Maryland.*

<sup>3</sup> *The same geographic considerations as described above for the GWMP also apply to the MVMH.*

<sup>4</sup> *These properties are designated as viewshed locations outside of the contiguous APE boundaries.*
